

# Announcing a New Partnership

**SEMMA Health is pleased to announce a direct to employer partnership with ICP!**

Your organization is receiving this communication as a participating member of Integrative Care Partners (ICP). SEMMA is a health benefits intelligence company in South Bend utilizing their big data platform as well as partnerships with self-funded employers and high quality, low cost providers, like members of ICP, to reduce the financial burden of the rising cost of care.

Through this partnership, SEMMA's employer clients will incentivize plan members to utilize members of ICP - including, Family Medicine of South Bend, Michiana Hematology Oncology, The South Bend Clinic, South Bend Orthopedics, Unity Physicians Hospital, X-Ray Consultants, and any future member.

This means the employer will pay 100% of the cost for the plan member, and patients will have \$0.00 out of pocket expenses when they receive care from providers at any ICP member location.

Currently, to identify plan members with access to SEMMA Health's preferred provider \$0.00 out of pocket benefit, you will see SEMMA's bridge logo on the member health benefits card. In the future, you will see ICP's logo as well. When you see this, You will not collect a co-pay from the patient. It's important to note, an exclusive fee schedule has been arranged and claims will be adjudicated according to that fee schedule, so no balanced bill should not be sent to the patient.
